Use of Name and Photos: Pack 194 does take photos at our events for use in recruitment and advertising purposes at our website. Since these are photos of Scouts "in action," it is impossible to exclude any one boy from this process entirely (i.e appearing in the background or from the back etc.). See our website: www.pack194.net, for the online picture opt-out/image removal form. Pack 194 does not ever name Scouts online other than a first name or initials and den number as identification. Please feel free to contact the Cubmaster or Committee Chair at any time with any questions or concerns.

Yes, please sign my boy up for Cub Scouts with Pack 194!
